

AARSE

Promoting effective utilisation of Earth Observation Systems for Africa's Development

Kamal LABBASSI

*African Association of Remote
Sensing of the Environment*

Establishment ...

AARSE

African Association of Remote Sensing of the Environment

Founded in 1992; incorporated in 2008 as an international NGO under Section 21 of the South African Companies Act (Act 61 of 1973)

www.africanremotesensing.org

Aim....

To increase the awareness of African governments and their institutions, the private sector and the society at large, about the empowering and enhancing benefits of developing, applying and utilizing responsibly, the products and services of Earth Observation Systems and Geo-information

Technology
