AfricaGIS 2021

- Vision is to create a marketplace to attract the best Geospatial experts, private companies, R&D agencies, academic, Government, Continental Agencies (AUC and ECA) to meet and share their latest work.
- AfricaGIS facilitates **new** Collaboration, Cooperation, Partnerships, Programme/Project development.
- You will agree that through the high quality of Plenary presentations and Exhibition, you have been exposed to the best.
- Do not waste this opportunity!
- In 2023 when AfricaGIS reconvenes we will want see tangible success stories that were incubated here in Abidjan.
- I hope that this AfricaGIS conference has fulfil its purpose and if we have fallen short...

AfricaGIS 2023
